2007 - 2008

It seems like just a short time ago that I too was a member of Concordia's graduating class. Concordia University is as vibrant today as it was then: a place of lively debates, idealism and a passion to change the world. It shaped my life in so many ways, as I know your own Concordia experience has, and will continue to do, over the years to come.

Our reputation as one of Canada's most dynamic and innovative universities is rooted in more than 180 years of pursuing academic excellence and student success—first in our two founding institutions, Sir George Williams and Loyola—and then at Concordia, after their merger more than three decades ago.

Over the past few years, Concordia University's profile has grown and evolved. To our distinguished existing core of strong faculty, we have infused dynamic new blood, nearly 500 over the last decade, many of them leading lights in their fields, others bright and promising newcomers. Together, we continue to raise the bar for excellence in research, teaching and learning, as well as the all-important student experience for which we are well-known.

To that end, we have invested in state-of-the-art facilities for both our Loyola Campus and the downtown Sir George Williams Campus, to include the magnificent new home of our John Molson School of Business. Our downtown campus will be more tightly integrated and woven into the fabric of the city, which is working with us to create Quartier Concordia, a place of vibrant interaction and excellent urban design. This renewal of our

campus and the western part of downtown Montreal will ensure continued enhancement of our profile and our contribution to the city and far beyond.

We continue to concentrate our efforts on creating the best possible environment for learning, teaching and research, to embrace potential opportunities and to take on future challenges. As a graduate of Concordia, you have both the opportunity and the responsibility to ensure that our tradition of individual empowerment, discovery and leadership continues to flourish locally, nationally and on the global stage.

In your own way, each of you has contributed to the vitality and dynamism of this university, and have played a role in making Concordia a better place. I hope that you will maintain your link with Concordia and be an active member of Concordia's Alumni Association, as well as a supporter of our great institution.

Concordia University strives to prepare its graduates, at all levels, to live as informed and responsibly critical citizens who are committed to learning and to the spirit of enquiry. You should all be proud of accomplishing this great milestone in your lives.

We at Concordia have been privileged to participate in this important achievement. Congratulations! We wish you much success in your future endeavours and hope that you will be an ambassador for Concordia, wherever life's path may bring you.

ART CLUB OF LIVING

Good times all over the place!

Our main objective is to infuse our lives with joy, enthusiasm, strength and an expanded awareness. This is achieved through various opportunities to learn practical and easy tools that relieve stress.

We hold weekly meetings in which we offer free yoga, guided meditations, games, as well as wisdom and discussion sessions. We have awesome retreats, parties, celebrations, festivals, guest speakers and other marvelous activities. We do Saturday Night Yoga and Yoga in Action, where we volunteer within Concordia and the community at large, as well as participating in amazing courses like YES!+, the epitome of what it means to be equipped for today's world.

We are affiliated with the Art of Living Foundation, an international, non-profit, educational, humanitarian NGO.

SUSTAINABLE CONCORDIA

Sustainable Concordia (SC) began in 2002 as a student-driven initiative to write the first Concordia Campus Sustainability Assessment. Its goal was to make Concordia a more sustainable institution.

Since then, Concordia has hired a full time Sustainability Coordinator and an Environmental Coordinator. Sustainability is being integrated into the university through the cooperation of students, staff and faculty. SC now acts as an organization that unites many working groups under the same

set of values, providing resources and support for new student projects related to sustainability.

Our current working groups and initiatives include: R4, allégo, Sustainable Ambassadors, the Sustainable Business Conference, the Green House Project, the 1% Sustainability Action Fund, the Blueprints for Change Festival and the Concordia Campus Sustainability Assessment. Each working group has its own unique initiatives and ways to get involved.

Regional Competition 2007

Enterprize is one of the biggest business plan competitions in the world with a prize pool of over half a million dollars. Seeking to provide students with a passion for entrepreneurship and an opportunity to apply their business plan ideas to the real world, Enterprize Quebec hosted its regional competition and conference in January. The top five teams were selected to fly to Vancouver for a 4-day National Round. The first place winner is given the opportunity to start their venture with funding from the title sponsor, the Business Development Bank of Canada.

GRADUATE STUDENTS' ASSOCIATION

Concordia University

Dear Graduate Student,

Now that it is time for you to take the next step in your adult life, we at the Graduate Students Association are glad to welcome you into our growing home. We look forward to seeing you come by! University life, and particularly graduate studies, is an experience that we want you to enjoy and we are confident that you will find your Concordia experience a positive one, steeped in culture, science and learning.

The next few years will be filled with new challenges and opportunities. At the Graduate Student Association we hope that you take full advantage of these experiences, not only by being involved with your course material but also life at the University and in Montreal.

The GSA house provides important services for graduate students, such as computer labs, study, conference, and resource rooms, as well as a comfortable lounge. The GSA also offers financial support for conference subsidies and projects.

With its new leadership, the GSA is determined to provide our graduate students with even more quality services including: advocacy, a health and dental plan that offers extended medical and dental benefits, and a new approach to merging both scientific and social activities.

Our strong and dynamic association looks forward to reaching out to you. We go beyond the office to reach you where you are. We want to know what your needs are as graduate students so that we may strive to meet those needs and perhaps even surpass what is expected of us.

GSA executives and directors believe in defending our members' rights as well as raising awareness about our responsibilities within the University system. We believe that our graduate students are one of the main resources in striving to promote a positive reputation for our school and hope to provide you with the support needed to become a future international ambassador. We all have to step forward to share with our administration the task of putting Concordia among the top schools in Canada and perhaps even worldwide.

Our mission is to serve your demands and to promote you in provincial, national and international levels for educational institutions, research centers and industry.

We hope that you will enjoy your life at Concordia and this new experience will have a positive impact on your lives.

Sincerely yours,

Mousa Bani Baker

Few student societies will altruistically dedicate themselves to the enhancement of engineering. Concordia's IEEE members are dedicated.

Few students will whole-heartedly embrace the challenge to achieve goals which transcend their disciplines. The members of Concordia's IEEE embrace this challenge.

THE CANADIAN SOCIETY OF MECHANICAL ENGINEERS

CSME

The Concordia Chapter of the Canadian Society of Mechanical Engineers (CSME)'s mission is to provide mechanical engineering students with academic and recreational activities in order to make their university lives more interesting and more exciting.

The executive committee is determined to show you that there is more to engineering than the studies. Our job is to organize activities such as social, academic and sporting events including parties, tournaments, trips, gatherings and tutorials which can help students learn how to use the computer programs required for their studies (ANSYS, CATIA, Matlab...).

We also offer information sessions about the different specialization options for their final year. For more information, check our website :

MOZ FRATERNITY

During the fall semester of 1991, our Founding Fathers went to seek out a fraternity. Unsatisfied with what they found, they decided to create their own, exclusive organization, which did not rush like others organizations and was open to students from all Montreal universities.

Being in fraternities such as MOZ gives students the opportunity to plan and organise events, create small business ventures and meet lots of people from other Fraternities and Sororities (particularly the female equivalent). This fraternity, in essence, gives students the building blocks to nurture initiative and most find that they get as much out of it as they put in.

CONCORDIA'S CONCRETE TOBOGGAN TEAM

The **TOP GUN'S** of engineering -- It takes a few brave engineers to innovate and design and test a toboggan made according to a specific theme. These brave souls are ready and willing to jump in a toboggan made out of a metal frame that has a running surface made completely out of concrete and that can travel at approximately 50-60 km/h down a steep, snowy hill.

C U T V

The past two years at CUTV have been a time of unprecedented growth and expansion. From a fledgling membership base and minimal activity, the station has developed into an active part of the Concordia community and is beginning to reach out to other community groups in the Montreal area.

Through our community partnerships, Summer Video Bootcamp, and CUTVNooze, Montreal's only alternative English language TV news program, CUTV is fast becoming an active part of Montreal community life.

CUTV has also experienced vibrant on-campus growth through better dissemination of student work via new monitors, active instruction via our workshop series and our very popular makealottamovies production series. In the past two years, this exciting series has produced over 30 short films, many by people who never had any previous filmmaking experience. CUTV is looking forward to continuing its role as an active, alternative media organization.

Build a bridge, carve a pumpkin and play a game of charity poker; saturate with wine and cheese; demolish the bridge, throw the pumpkin, but win the game. The Concordia Chapter of the Canadian Society for Civil Engineers (CSCE) focuses on getting civil engineering students together, both to promote hands-on learning and socializing. We have been organizing the Annual Troitsky Bridge Competition, where universities from all over the world compete, since the 1960s.

Site tours are another learning experience and, this year, we went to the Hydro-Quebec dam in Beauharnois. We also encourage students to meet the faculty outside of class - wine and cheese being the preferred medium, of course. Other events include a pumpkin carving competition for Halloween, a fancy Christmas dinner, charity poker nights.

FRONTIER COLLEGE

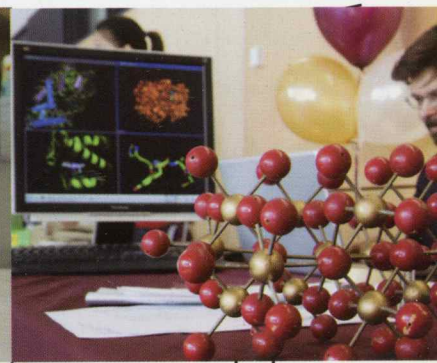

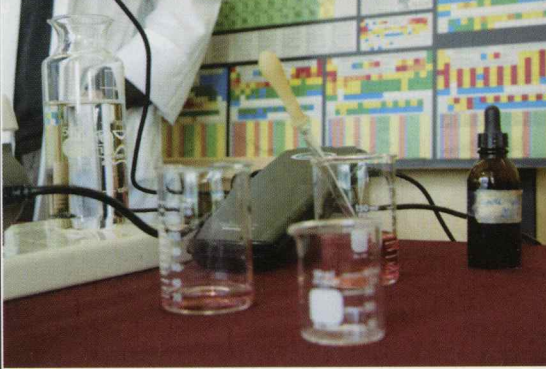

Frontier College was founded in 1899 and has been active at Concordia since 1992. We are a nation-wide literacy organization and we strive to help every one of our learners reach their full potential.

At Concordia, our volunteers help various partners that we have through such programs as adult literacy tutoring, children's reading circles and homework clubs. Our Organizational Team (OT) recruits, trains and supports all of our volunteers to the best extent that we can.

This year we were particularly happy to have both a new website, www.frontiercollege.ca/concordia, and a new office, at 2150 Bishop, room 110. This, along with our current 54 new and returning literacy volunteers, has helped us continue to fulfill our mandate of achieving literacy for all.

Our OT's: Tanya Giannelia - Community Coordinator, Erica Hunter - Intern, Marion Russell, Stephanie Simkins, Andrea Shlien, Annie Rochefort - Applied Human Science Intern, Svetlana Zavarzina - Education Intern, David Falconar, Alla Sorokin, & Meghan Murray

MONTREAL YOUTH ACTION

On March 22nd 2007, Youth Action Montreal, a youth group formed in Montreal by Concordia undergraduate students Peter Schiefke and Mohamed Shuriye, organized a youth summit on climate change at Palais des congrès. The event attracted more than 5000 students and featured keynote speakers former Vice President Al Gore, and world renowned Canadian environmentalist Dr. David Suzuki. Students were challenged to take action against climate change and environmental degradation through new and innovative ideas. One such idea presented at the conference was the 1% Campaign. The 1% Campaign asks students to set aside less than one percent of their per class cost for sustainable initiatives on campus.

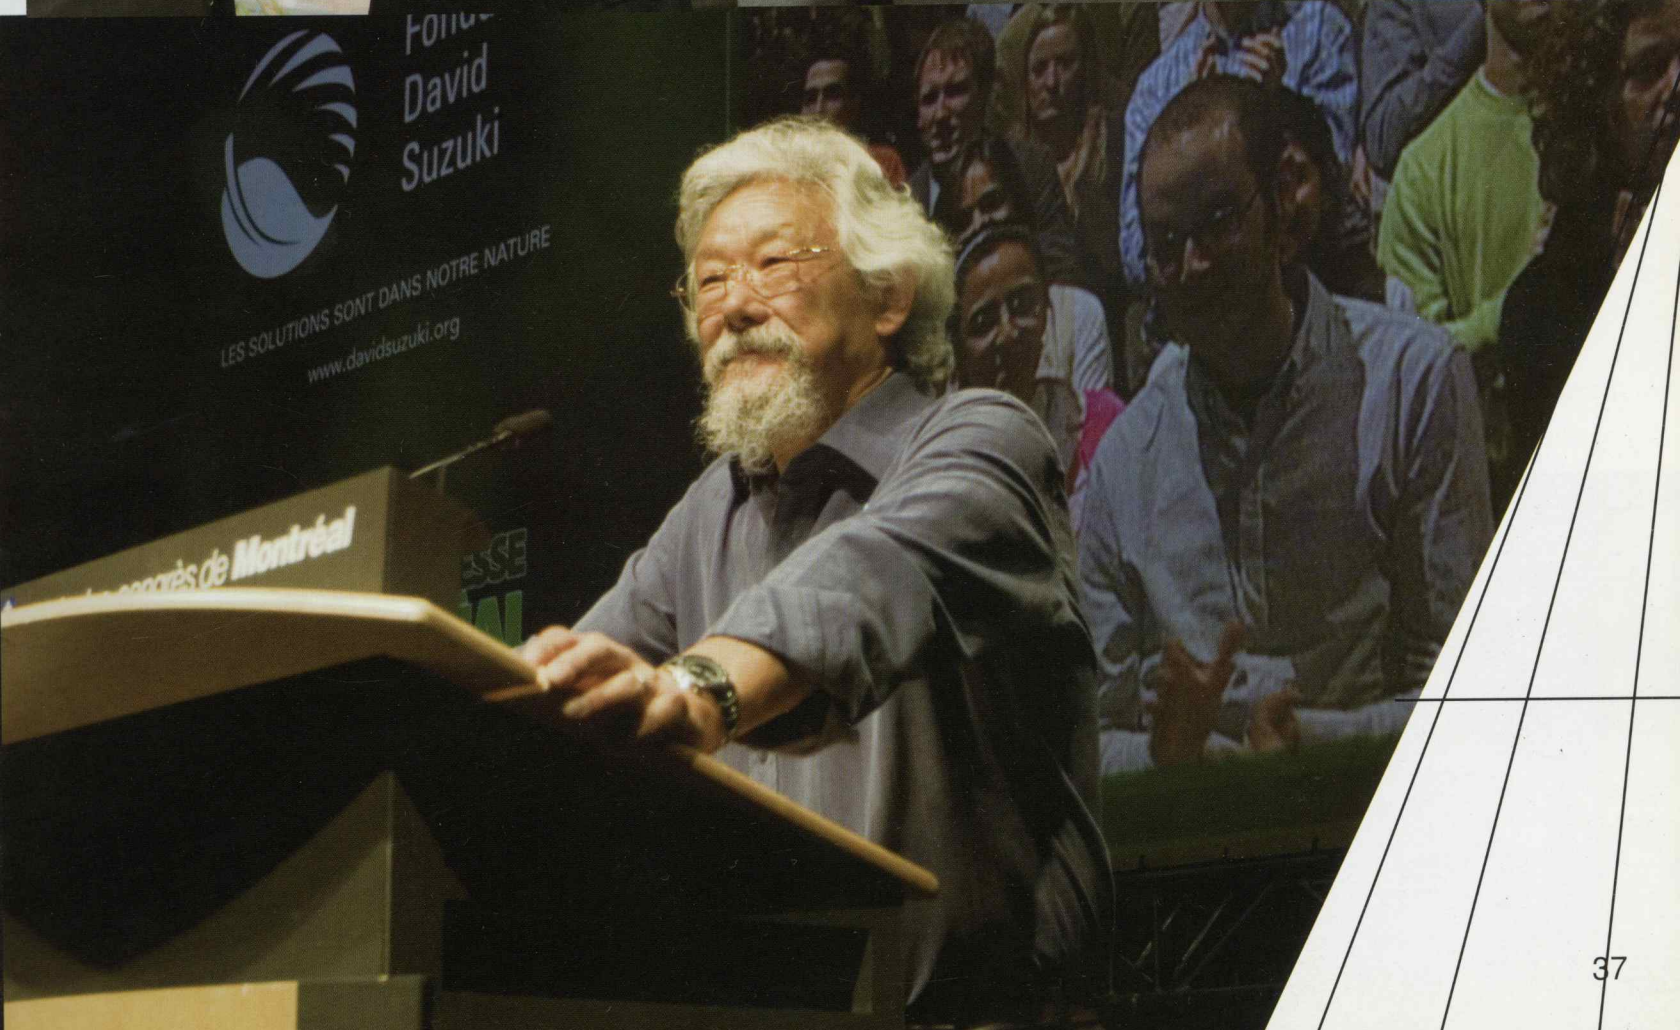

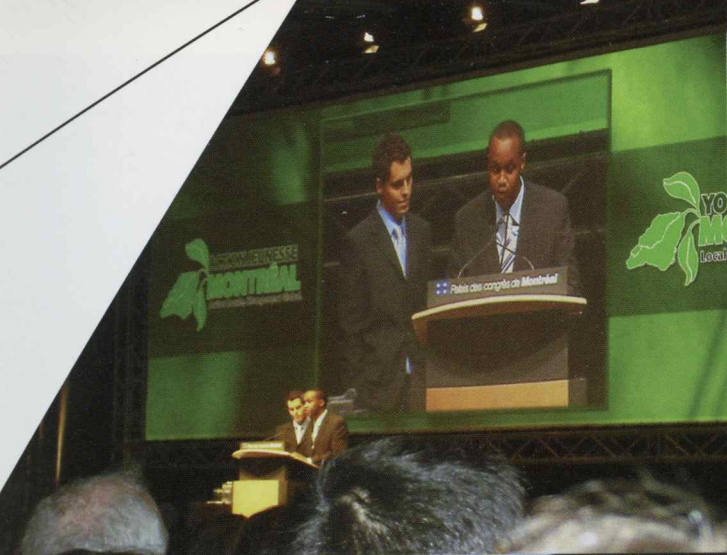

“LESS TALK
MORE ACTION,
YOUTH SUMMIT
ON CLIMATE
CHANGE”

Following the event, students at Concordia were the first students in Canada presented with a referendum question asking them whether or not they were in favour of allocating an additional seventy-five cents per class towards a fund to be used solely for sustainable initiatives on campus. With the largest voter turn out in Concordia's history, the vote passed leading to the creation of the Sustainability Action Fund.

MISSION

Forces AVENIR vise à reconnaître, à honorer et à promouvoir l'engagement de la jeunesse dans des projets qui enrichissent le savoir, qui suscitent le goût de la réussite, le dépassement personnel et le développement du sens civique, contribuant à la formation de citoyens conscients, actifs et responsables, à la fois enracinés dans leur collectivité et ouverts sur le monde.

THE GARNET KEY

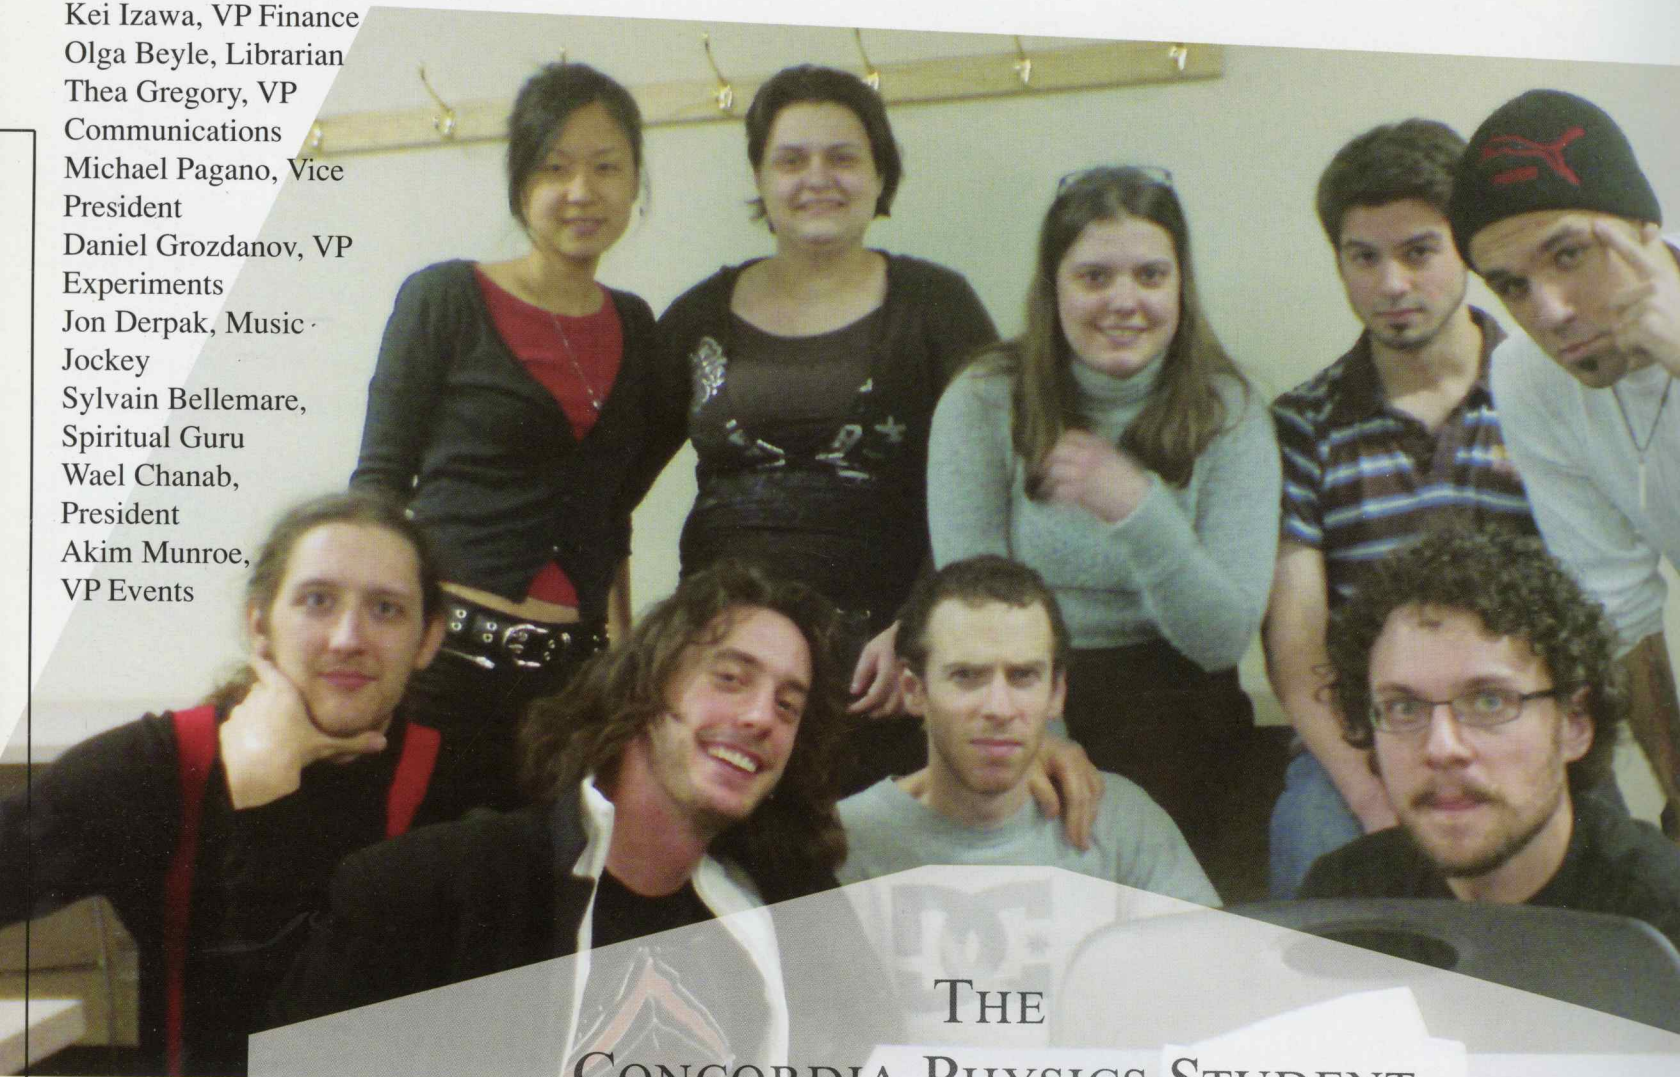

The Garnet Key is a representative group of Concordia students who hold high academic standing and who are involved in activities both within and outside the university. The objective of The Garnet Key Society is to act as a liaison between members of the community, the university, and the students. The Society welcomes and assists distinguished guests at official university dinners, convocations, awards ceremonies and gala events.

Every year, The Garnet Key Society organizes a community-based event. This year, The Society organized "Viva," an event dedicated to expanding the minds of adolescents through interactive workshops. Viva's aim was to expose adolescents to new ideas allowing them to acquire valuable knowledge in a tolerant and welcoming environment while addressing issues that affect their daily lives. In addition to learning about the pro-active work done by groups such as L.O.V.E. (Leave Out Violence) and Aids Community Care Montreal, it was also a chance to inspire youth to become involved in their community.

THE CONCORDIA PHYSICS STUDENT ASSOCIATION (CPSA)

was reformed in 2007, after being defunct for many years as a result of the closure of the Physics department. Our mission is two-fold, first by seeking to supplement the university experience with enjoyable activities, but also to support the students of the Physics department by providing them with study space, a library, computer access, and advice from 2nd and 3rd year students. We strive to maintain a balance between extracurricular academic enrichment such as trips to the Planetarium, the Mont Megantic observatory, documentary nights, as well as guest lectures, and the purely social, such as a beer and pizza lunch, pool and bowling events, LAN, club parties and other staples of a balanced university experience.

ROTARACT CLUB

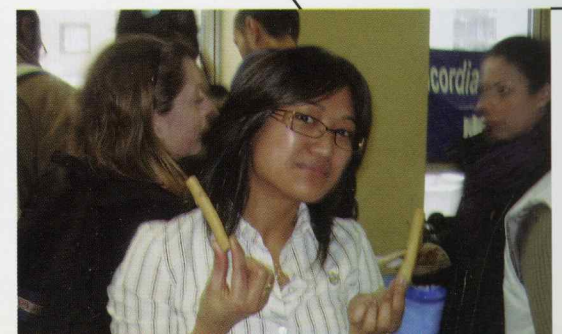

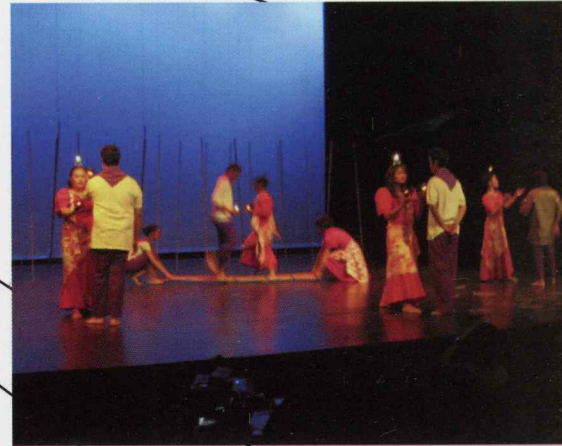

The *Rotaract Club of Concordia* is an action-oriented group of young adults focusing their collective abilities to better the communities of Montreal and beyond, through service, friendship and leadership development.

Current Projects Include: Comedy For a Cause, African Club Night, Charity Poker Event, Concert Ticket Raffles, and Delivering Food Baskets to Underprivileged Families.

FOCUS
Founded in 2003, FOCUS is an organization composed of students who promote the Filipino culture through cultural, social, educational and charitable events. FOCUS is not exclusively for Filipinos, but it opens doors for other nationalities to get involved with the Philippine culture. We contribute, along with other associations, in demonstrating the multicultural environment of Concordia University.

FOCUS' yearly charitable goal is to collect contributions in order to donate to Filipino charities. Yearly fundraisers are created to reach and exceed this goal. The biggest fundraiser is FOCUS' end of the year SHOW POW, expressing students' and others' talents in the community.

As a whole, FOCUS is concentrated on preserving and promoting the Philippine culture, and linking tradition from the Philippines with our contemporary environment.

The Arts and Science Federation of Associations (ASFA) represents students in the Arts and Science faculty to other faculties, the CSU, the administration and external organizations. Over 15,000 students are represented by ASFA, which is composed of approximately thirty departmental associations whose representatives make up ASFA Council. We're always looking for new ways to serve Arts and Science students. If you're interested in getting involved, don't hesitate to send us an email or stop by the office. We look forward to seeing you!

ASFA Services & Events:

- Arts and Science Frosh
- Spring Break NY trip
- Hockey Nights at Reggies
- Book exchange at the beginning of each semester
- A Special Project Fund, available to groups or individuals whose plans will benefit undergraduate students.

Concordia's newest fun club, the Improv House just started this September. This house is bursting with fun workshops held religiously every week, we also had many memorable performances held at the hive!

Concordia University's Science College provides a unique forum where students interested in the sciences can prepare for a life of research, teaching or any challenging pursuit or profession in the sciences. Founded in 1979, the Science College espouses the following well-defined, distinct, and important concepts of science education: student participation in laboratory research activities from the first year on and a curriculum emphasizing cross-disciplinary thinking as well as intensive student-faculty and student-student interaction.

We have two Public Lectures a year, inviting prominent scientists to give a lecture for the scientifically interested public. We attract usually between 300 and 500 people. After the lecture there is also an opportunity for audience members to meet the speaker on the premises of the Science College at a reception organized by our student association. The audience consists of students, academics and mainly interested members of the public.

History

In 2000, five Fine Arts students at Concordia University (Julie Fowler, Ruthie Sumiko Tabata, Yael Wand, Michael Golden and Declan O'Driscoll), decided that there needed to be an opportunity for students to exhibit their work to their peers and to the public. The result was a two-week celebration of all forms of art, animation, dance, design, film, music, spoken word, theatre and visual art.

Now in it's eighth year, Art Matters has become a renowned festival that showcases the incredible emerging talent of Concordia students. Past venues have included the World Beat Music Centre, Musée D'Art Contemporain, Art Mur, The SAT, The Corona Theatre, Art en Majuscule, The Darling Foundry and others. In 2005 the festival received Best Art Exhibit in the Montréal Mirror's Annual "Best of Montreal" reader's poll.

Art Matters is making a name for itself and our students by bringing art to the community and the community to art. Our Call for Submissions is open to any and all Concordia students.

LOYOLA LUNCHEON

Students studying downtown have the opportunity to get a free, healthy lunch every day of the week, while students based out of Loyola are left with few options.

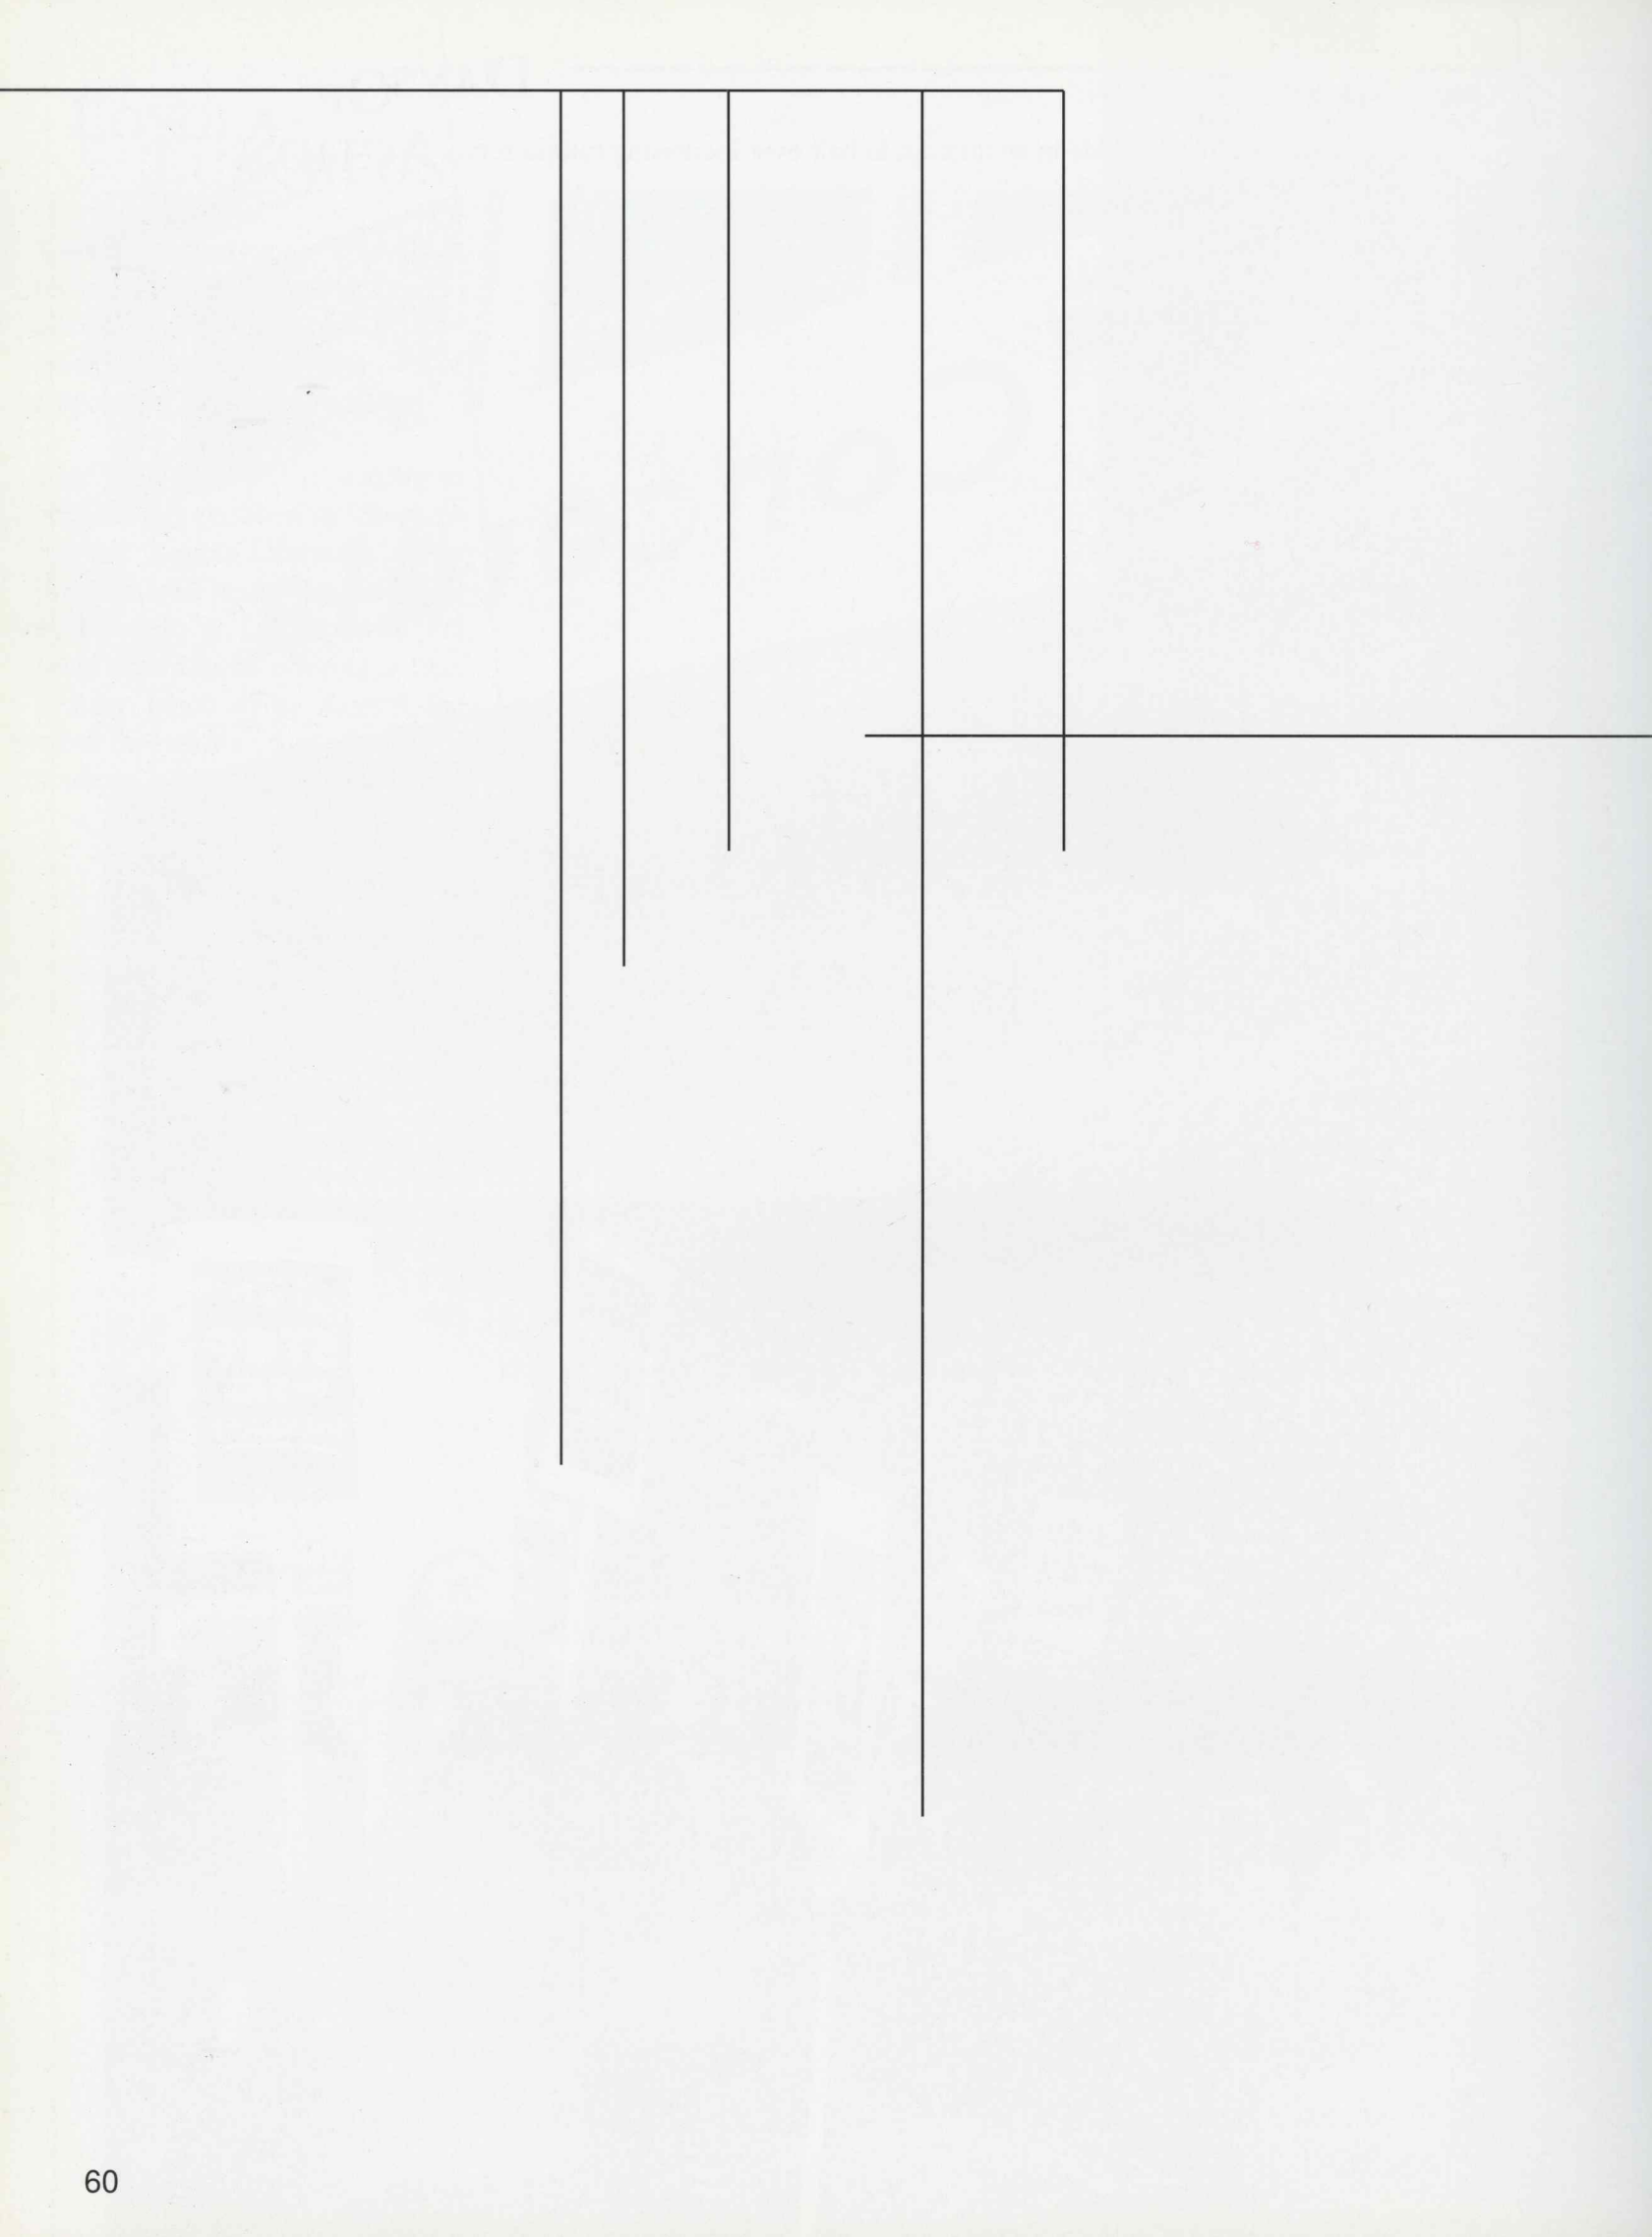

This year, the CSU is seeking to address this problem by developing the 'Loyola Luncheon'. The program will be serving free food each week, at Loyola, with the long term aim of offering a free, healthy lunch every day of the week for Loyola's more than 8000 students.

DAYS OF ACTION

Students protest nationwide in an attempt to halt ever increasing tuition fees.

The 2007-'08 Concordia Stingers men's basketball season started out with a bang. The Stingers defeated the NCAA's highly respected Division I Illinois Fighting Illini 86-82 before a capacity crowd at the Concordia Gym. The upset win made headlines all over North America. The Stingers ran into some roadblocks after the big start. There were a series of injuries, including one to all-star Dwayne Buckley that kept him out of the entire Quebec conference campaign. The Stingers finished in second place with a 9-7 win-loss record. Concordia defeated the UQAM Citadins 80-77 in the semifinals and then lost 81-63 to the Laval Rouge et Or in the Quebec championship.

Third-year guard Damian Buckley took over the leadership of the Stingers on and off the court. He did an exceptional job and was highly decorated for his efforts. Buckley was named Concordia's Male Athlete of the Year, he was a CIS second team all-Canadian and a Quebec conference all-star. Jamal Gallier was a second team all-star. James Clark was named to the league's all-rookie team while Decree Krah was named the Stingers' outstanding rookie.

WOMEN'S BASKETBALL

The Concordia Stingers women's basketball team made great strides in the 2007-'08 season. The young team had an 8-8 win-loss mark, posting a .500 record for the first time in four years. The Stingers finished in third place in the five team league and lost a hard-fought semifinal battle 77-67 to the second-place UQAM Citadins.

Second-year guard Krystle Douglas enjoyed a strong campaign and received a lot of individual recognition. She led the league in scoring with 15.3 points a game. Douglas was the Stingers' MVP and a Quebec conference first team all-star. Yasmin Jean-Philippe was a second team all-star. Chelsea Cassidy was named to the Quebec all-rookie team while Kristin Portwine was named the Stingers' outstanding rookie.

The 2007-'08 Concordia Stingers women's hockey team took another step forward in their rebuilding campaign. The Stingers improved their win-loss record to 4-14 and put up a good fight in the playoffs before eventually losing in the semifinals to the McGill Martlets. The season's biggest highlight came in January when the Stingers celebrated the 40th anniversary of their prestigious Theresa Humes Tournament with a reunion that brought back a lot of women's hockey alumni from over the years. The event also drew the attention of CBC's Hockey Day in Canada which televised a segment on the tournament.

Two players received many accolades this season. Forward Angela Di Stasi was her team MVP and a QSSF second team all-star. Di Stasi was also recognised for her career accomplishments with a Concordia Award of Distinction. Aylinn Doiron was named to the Quebec conference all-rookie team, she was the Concordia Female Rookie of the Year and she was her team's outstanding first-year player.

The 2007-'08 season was something of a rollercoaster ride for the Concordia Stingers men's hockey team. The exhibition schedule was exceptional and included a Corey Cup extravaganza at the prestigious Bell Centre where the Stingers lost a hard-fought battle 3-1 to their cross-town rivals the McGill Redmen. Then during the holiday break, Concordia headed overseas for a very successful four-game series with teams from Ireland and Scotland. The Stingers swept all four contests. The regular season was more challenging with Concordia winning 11 games, losing 14 and losing three more in overtime. With 25 points to their credit, the Stingers narrowly missed the playoffs.

A couple of players received individual recognition. First-year defender Eric Begin was named to the OUA East all-rookie team. He was also the Stingers' outstanding rookie. Captain Trevor Blanchard was the team's MVP and was the recipient of the Concordia Ron Lapointe Award in recognition of his commitment to academics, athletics and community service.

A very young group of Concordia Stingers showed a lot of promise in the competitive Quebec university women's soccer conference. They finished in fifth place in the eight-team league with a 4-9-1 win-loss-tie record.

There were nine rookies and 11 second-year students on the team of 24. Emily Hubbard, a first-year forward, led the Stingers in scoring with six goals and two assists in 14 games. She was the team's Rookie of the Year.

Other individual honours went to captain Erica Geertsen. She was a second team conference all-star. Geertsen, a senior defender, and goalkeeper Fanny Berthiaume were the Stingers' co-MVPs. Berthiaume, a Film Animation student, was also named the outstanding Female Academic Athlete of the Year at the Stingers' annual awards night.

WOMEN'S SOCCER

The 2007 Concordia Stingers men's soccer season marked the beginning of the Lloyd Barker era. The popular and accomplished former Montreal Impact player took over as head coach of the program at the end of July. Despite little time for preparation and recruiting, Barker's professional approach took the Stingers forward.

The team finished in seventh place with a 2-8-2 win-loss-tie record. Some of the highlights included defeating the top ranked Université de Montréal Carabins and several individual honours. Veteran mid-fielder Sandro Addesa was the team MVP and Mauricio Soto was the Stingers' outstanding rookie. Addesa, the team captain, wraps up his five-year career as a member of the QSSF second all-star team.

Front Row: Mauricio Soto, J. Alexandre Filion Lord, Gauthier Berger, student therapist Nick Nault, assistant coach François Bastien, assistant coach Darko Kolic, head coach Lloyd Barker, assistant coach Remy Eyckerman, Sandro Addesa, Nather Jarrar, Joaquin Lemaitre Tavolara.

MEN'S SOCCER

MEN'S RUGBY

The Concordia Stingers men's rugby team went through a transitional phase in 2007. The Stingers graduated several accomplished members of their previous squad and went into the new season with 22 rookies out of approximately 35 players. The team finished with a 3-5 win-loss record, finishing in fourth place and securing the final playoff spot. Concordia lost its semifinal game 25-10 to the McGill Redmen.

Several individuals stood out during the season. Eric Van Thiel and Mathieu Lassalle were named to the Quebec league all-star team. Van Thiel was the Stingers' MVP and Sasha Palatnikov was the outstanding rookie. He was the leading scorer on the team with nine tries.

Front Row: Steve Chausse, François Bérubé, Jason Rhee, Tyler Brimacombe, Scott Laekas, Curtis McKinney, Patrick Demers-Stoddart, Eric Van Thiel, Nicolas Delle Donne, Marcos Ceretti, Christopher Hamilton

WOMEN'S RUGBY

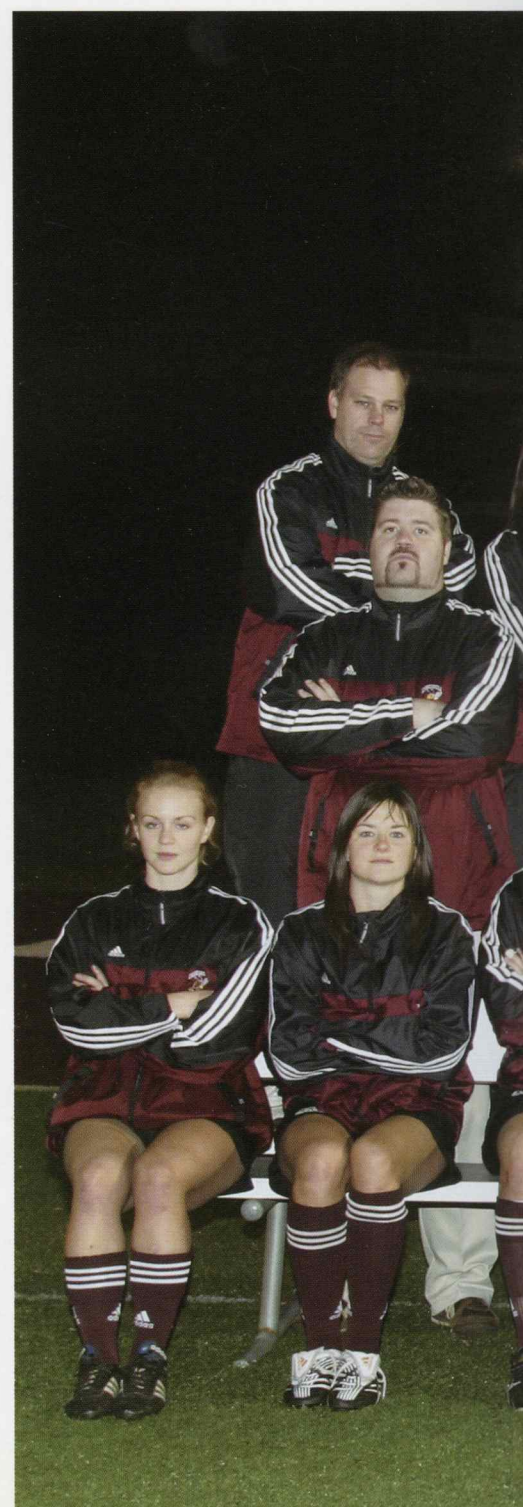

It was a very exciting and successful season for the 2007 Concordia Stingers women's rugby team. The Stingers posted a 4-1-1 win-loss-tie record to finish in third place in the Quebec league. Concordia upset the McGill Martlets 10-0 in the semifinals and then defeated the Laval Rouge et Or 17-5 to win the conference championship. The Stingers advanced to the CIS nationals in London, Ont., where they posted a 1-2 record and finishing fifth in the country.

There were many individual honours for team members. Captain Sydney Theriault was an all-Canadian, the Quebec conference MVP and the Concordia Female Athlete of the Year. Graeme McGravie was the CIS Coach of the Year. Ali Olshefsky won the CIS Student-Athlete Community Service Award. Theriault, Claire Hortop and Cathy Nichols were named to the Quebec all-star team. At the Stingers' annual awards night, Theriault was the team MVP while Hortop was named the outstanding rookie.

Front Row: Mel Tranchemontagne, Jennifer Rosenbaum, Patricia Lapierre, Shanna Roberts-Salée, Hayley Smirnow, Sydney Theriault, Jennifer De Guise, Kim Whitty, Robin Hunter, Erin Ryan, Larissa Andrusyshyn

CONCORDIA STINGERS

FOOTBALL TEAM

The Concordia Stingers football team enjoyed a strong campaign in 2007. The Stingers posted a 5-3 win-loss record in the regular season, finishing in second place in the Quebec conference. Concordia enjoyed a top 10 ranking all season, peaking at the No. 6 spot. The drive came to an end in mid-November when the team lost 35-10 in the league championship to the top-ranked Laval Rouge et Or.

There were many individual honors for team members. Quarterback Liam Mahoney won the Peter Gorman Trophy at the outstanding rookie in CIS football. Defensive halfback Sammy Okpro won his third consecutive all-Canadian honour. Four Stingers received Quebec conference all-star awards. They were offensive tackle Keith Dauper, linebacker Cory Greenwood, rookie kicker Rene Parades and Okpro.
